

# Cultural Competency For Health Administration And Public Health

*By Patti R. Rose*

Cultural Competency for Health Administration and Public Health is serves as an introductory text addressing comprehensive coverage specific to the fields of health services administration and public health. While cultural competency has become a popular topic in these fields, the general population, health service administration and public health students, health service administrators and public health practitioners are in need of a greater key information relevant to the topic and how to apply this knowledge in their area of study/work. This book provides readers with a clear and concise overview of the subject matter and the necessary tools to apply cultural competency processes in various healthcare settings, offering a systematic and disciplined approach to the process of achieving cultural competence.
