"MAKES MAD MEN LOOK LIKE SAD MEN"

.....

Welcome to the age of Anti-Social Media.

Exchanging alcoholism for sex-addiction the controversial writer of underground classic DIARY OF AN OXYGEN THIEF retools his advertising skills to seduce women online. It's a pursuit that quickly becomes an obsession often requiring even more creativity than his award-winning ad campaigns, but don't worry there are plenty of breaks. For commercials. Dazzling, daunting and darkly hilarious, CHAMELEON ON A KALEIDOSCOPE is a spectacular indictment of modern media and our increasing reliance on it.

.....

"Chameleon on a Kaleidoscope, written by ANONYMOUS, is the author's second book and continues where Diary Of An Oxygen Thief left off in terms of its honesty and originality. However, instead of alcoholism, the drug of choice here is sex addiction, online variety. Chameleon is relatively short and a quick read, but that doesn't take away from its intensity. In fact, its sarcastic undertone spikes the text with a bite so ferocious it's almost impossible to put down. Above all, the book is a seething commentary on our increasing dependence on modern media, one that, in this book, skips over the line of addiction and into a bizarre world that showcases the brilliance within the text."
