

A Tangled Web

By Judith Michael

Glamorous, divorced Sabrina and her quiet homemaker sister Stephanie never dreamed that their light-hearted game of switching places for a week would end in passion and tragedy. But Sabrina fell in love with her sister's husband, cherishing their children as her own -- and Stephanie, in the midst of an affair with a powerful London socialite, was killed in an explosion on his yacht. Torn by loss and remorse, but deeply a part of her new family, Sabrina made the decision to assume her twin's role forever.

When *A Tangled Web* opens a year later, only one person knows Sabrina's true identity -- her husband, Garth. Deeply in love, he has forgiven her for her deception. Then a friend swears to have seen Stephanie in Europe. Sabrina feels the past and present collide, threatening to shatter her new happiness. Is her sister really dead? Or is the deception even deeper, darker, and more complicated than she ever imagined?

Michael's sequel to *Deceptions*, in which an identical twin who has taken over her dead sister's identity learns that her twin may still be alive, spent two weeks on PW's bestseller list.

Michael further entangles the plot begun in her novel *Deceptions* (1982), about identical twins who decide to switch lives. In that novel, Stephanie, a mother of two children and wife to a professor in Evanston, Illinois, envied her sister Sabrina's glamorous life as an antique dealer in London, and begged for the change. Here, Stephanie's reported death in a yacht sinking leaves Sabrina caught up in her role. Falling in love with and marrying Stephanie's husband seals that fate. This new novel has a dual setting: Sabrina's contented home life in Evanston (marred only by the children's adolescent crises and a congressional witch-hunt involving her spouse's university) and a small town in France, where Stephanie is gradually regaining her memory and living with her "husband" Max, a counterfeiter and smuggler. This plot is tangled, indeed. But the suspense of how these sisters and their loved ones can possibly emerge unscathed from such a fine mess is tightly drawn. *Denise Perry Donavin*
